

Looks Now to Industrial Conquest

Agent Called Home to Ar-
range Business Conditions to
Follow Peace.

June 17.—K. Takahashi,
agent of Japan, who looked
upon the situation here of his country's
business conditions from
the standpoint of finance, sum-
med up his views on the situation
in Tokyo at once. He will
return to Tokyo June 24, and sail for
Japan.

He will appear before the
committee immediately on his
return, and confer with the
committee on the advisability of making
plans for the future. He then seems ac-
cording to the object of making
plans for the future. He then seems ac-

amount of money after the war to give
new impetus to her industries. While
business in Japan at present is in no
way injured, yet if the money advanced
by the Japanese people in the first war
loan of \$250,000,000 is returned to them
on the termination of the war, it will
give a tremendous new life to Japan-
ese industries. All departments of
business will be vastly benefited by this
large amount of money being put back
into commercial channels.

"While I cannot speak with author-
ity at this time, I believe it is the desire
of the Government to float a new loan
in case of the termination of the war,
to take up the domestic loan made just
after the commencement of hostilities."

Mr. Takahashi said he believed that
a new loan made either in America or
England could be placed at as low a
rate as 4 per cent.

In the event of a continuance of hos-
tilities, a new loan to carry on the war
doubtless will be made within three
months. About \$140,000,000 of the for-
mer loan remains on deposit, divided
between the banks of America and
England.

The financier expressed great admira-
tion for the negotiations in the direc-
tion of ending the war inaugurated by
President Roosevelt.

Senator Hicks Is Dead.

LAMAR, Mo., June 17.—State Senator L.
D. Hicks of Marshall, is dead here aged
77 years. It was the vote of Senator
Hicks in the State Senate that killed the
breeders law and prohibited race betting
in Missouri.

FARMER FALLS VICTIM.

Loses His Entire Savings to City
Sharpers.

NEW YORK, June 17.—A sad experi-
ence with city sharpers has come into
the life of Charles M. Brower, a truck
farmer hailing from Hickory, N. C.
Just now he is at a loss as to how to
get back home, having been relieved of
all his funds.

Some weeks ago Brower received a
letter offering him a farm in New Jer-
sey, near this city. The price was
small, and he sent on \$25 to bind the
bargain. Donning his best clothes, he
then set out for New York to inspect
the farm. In his wallet were five \$100
bills.

Upon arriving Brower met the real
estate agent and visited the New Jer-
sey farm.

ney farm with him. The land was
nothing but a swamp, and in a rage the
old man demanded that his \$25 be re-
turned. The real estate agent laughed
at him, but Brower had heard of Dis-
trict Attorney Jerome, and to him he
went. An investigation was made, with
the result that a warrant was issued
for the real estate dealer.

The old farmer was waiting about
the Criminal Courts building to see his
prisoner when he began to cogitate
over the expense of the passing post-
trians, sat down upon the stairs to fig-
ure up what he had spent and count his
money. There was still a balance of
\$100 in the wallet.

"How did I spend that \$100?" he asked
himself, and placing the wallet beside
him he began to figure up what had become of the
money. A thief saw the wallet, a skill-
ful kick sent it down the steps without
the old man noticing it, and soon wall-
et and thief were far away.

"Got to be careful with the rest," said
Brower, as he reached for the wallet.
Then he saw there was none. His
shouts attracted every one in the court-
house, but to no purpose. Detectives
were called, but they have no hope of
recovering Brower's savings.

Passengers Taken Off.

DETROIT, June 17.—Eleven hundred
people on the steamer Columbia, which
went aground last night, were trans-
ferred to another boat today and taken
ashore.

CONFESSES MURDER.

Idaho Ranchman Admits Shooting
Two Neighbors.

MOSCOW, Ida., June 17.—Tom Fields,
a rancher living near Fields, Ida., to-
night confessed to the killing of Fred
Fields and the wounding of Fred
Fields' father Wednesday.

The Fields were shot from ambush,
and suspicion fell upon Thomas Fields,
who, although of the same name, is no
relative of the men he ambushed, be-
cause of his suspicious actions before
the assassination and because of the
threats he is alleged to have made.

Boston Celebrates Bunker Hill Day.
BOSTON, June 17.—Practically all the
business activities of Greater Boston
were suspended today in observance of
the anniversary of the Battle of Bun-
ker Hill. The celebration centered as
usual in Charlestown, the scene of the
famous fight. There was a parade of
the militia and bluejackets from the
warships. Various outdoor events at-
tracted large numbers of people.

Fire Panic on Steamer.

NEW YORK, June 17.—Fire which
started in the hold of the steamer Kan-
sas City of the Savannah line while she
was making her way through the dense
fog off Sandy Hook early today, and
caused a panic among her three score
passengers and which was believed to
have been extinguished, broke out anew
after she had reached her dock.

OLD PEOPLE Their Pains and Ailments

Any taint of the blood quickly shows itself with old
people, and troubles, which a younger, more vigorous con-
stitution holds in check, take possession of those of ad-
vanced years. A mole, wart or pimple often begins to in-
flame and fester, terminating in a sore that refuses to heal. Wandering pains
of a rheumatic character are almost constant, the joints get stiff and the mus-
cles sore, while sleeplessness and nervousness make life a burden. The nat-
ural activity of the body is not so great in old age and all the
organs get dull and sluggish, failing to carry out the waste
matters and poisons accumu-
lating in the system and they
are taken up and absorbed by
the blood, rendering it weak
and unable to properly nourish the system. There is no reason why old age
should not be as healthy as youth if the blood is kept pure and strong. S. S. S.
is purely vegetable and is the safest and best blood
purifier and tonic for old people, because it is gentle,
but at the same time thorough in its action, purify-
ing the blood of all poisons and foreign matter,
strengthening it and toning up the entire system by
its fine tonic effect. Almost from the first dose the appetite increases, the
general health begins to improve and the pains and ailments pass away.

I had a severe attack of La Grippe, which left me
almost a physical wreck. To add to my wretched
condition, Rheumatism developed. In a short
time after beginning S. S. S. I was relieved of the
pains and have gained in flesh and strength and
my general health is better than for years. I heart-
ily recommend S. S. S. for all blood diseases.
